How do you feel in a situation without technology?

Come ti senti in una situazione senza tecnologia?

I feel that I am not wearing any glasses and are  
wearing body implants - what's technology anyway? Is  
What means home for you? ~~Is~~ my nervous system technology?  
Cosa vuol dire casa per te? Is my facial expression?

To be able to contribute to a societal process

What's the aim of travelling for you?

Qual è lo scopo del viaggio per te?

To de-centre and at the same time  
become grounded, centered.

To get from A to B,  
to this conference, for example.

To experience some of my personalities.
