**Alternative Transportation**

**Public Transport** - There are several options via public transit, however, the fastest option is to take the 48 from the Transit Center, conveniently located next to the Mission Palms, and get off at the Rio Salado & Tempe Center for the Arts stop (please consult Valley Metro for more information and time schedules). Fare is $4 USD for an all-day pass. Transit passes can be purchased onboard the bus or at a Fare Vending Machine at the Transit Center. This will take about 8 minutes.

**Ride Share** - Uber and Lyft are the two largest providers of rideshares in Tempe. Fares vary, but estimates are around $6–$10 USD. This will take about 5 minutes.

**Dockless Scooters** - Generally, these are scattered around the area. Prices and availability may vary. Please be aware, local law requires riders to wear a helmet. Bird, Lime and Razor are three of the scooter companies. Please consult the City of Tempe's Safety Guide before using a scooter.
